Lincoln Pough

Junior Fullstack Web Developer

Tacoma, WA 98406

lincolnpough806@gmail.com

2535834866

I am a recent graduate of the University of Washington Full Stack Coding Boot camp program. I have experience with HTML, Javascript, CSS, Express, MYSQL, Nodejs and React. We were trained in industry best practices and the agile method of problem solving. I can excel when working as a team or given a solo task. If given the opportunity I know that I would be a valued member of any team.

Work Experience

Purchasing Specialist

ProAmpac - Auburn, WA

September 2021 to Present

My position here is to supply the maintenance, production, administrative and quality assurance departments with any and all supplies they made need to keep the daily and future projects on track. This is including specialized mechanical and electrician supplies for the maintenance team and office supplies for administrative and QA. I maintain vendor relationships, create inventory spreadsheets, and negotiate contracts for the best pricing possible. I also act as the liaison between our vendor partners and our various teams and accounting department.

Education

Certificate in Fullstack Web Development
